This is National Children's Book Week.

Library board members cited this fact with renewed efforts to focus interest on the Cameron Library, now a year in its Courthouse Square location.

Some nice things have happened to the library during the past year and one - half. Besides the move, the building has been redecorated inside and additional reference books have been donated by Lions and Rotary Clubs.

Contributions in memorium have been given in remembrance of the library and native residents who pass away. Other aid has been provided by the Pleasure Profit Club, St. Anthony's P-TC, Yoe High School Library Club, the Delphian Club, the History Club, Cameron PTA, numerous individuals and other organizations including the City of Cameron which is aiding the boost for an improving library system.

Everyone agrees it is for the kids. But young and old will continue to use the Cameron book facilities as they continue to improve.

Has your son or daughter, have you visited the Library recently? This is a good week to do it. And it is a good week to join the growing list of sustaining library members.

103 - 103 - 103

The number of returning Yoe High School Exes was a record at the post - Homecoming gathering at National Guard Armory. It was impressive to see how many young people turned out for the Class of '52's Reunion and how many are resident of this community and county.

One Cameron Exe, 27-year-old Sgt. Charles Richards, was not at the dance, but he was in Cameron this week. He is the Cameron serviceman who escaped tragedy in Viet Nam last July when he and other crewmen of a downed C-123 were rescued from the steaming jungles.

He said he could not add much to The Herald's story (July 19, 1962) on his escape from the harrowing experience because his work was still highly classified.

His family is certainly happy to have him home. And Cameron can lend a note of thanks for such young men whose efforts in a very Cold War more often are unnoticed than heralded.

They toured the Sterile Fly Plant Saturday afternoon and were shown the methods used to breed and raise the screwworm flies and sterilize them by cobalt radiation, for release later in the eradication program. The plant is operated under the direction of the U. S. Department of Agriculture.

Membership Drive On . . .

Library Names 5 Members

The Cameron Library Board this week added five more members, announced sustaining contributions of almost $600 and scheduled a meeting with the City Council about future operating fund solutions.

And the Board elected officers as well as expanding the Board membership. Elected president was Miss Mildred Thornton; vice-president Frank Luecke; secretary, Mrs. John B. Henderson, Sr.; treasurer, Oxsheer Smith; book chairman, Mrs. W. O. Triggs.

New Board members are: Mayor Coleman Duncum, Mrs. Perry Holder, Miss Mary Randolph, E. A. Perrin and Charles Brady, Sr.

SUSTAINING SUPPORT

Miss Thornton announced that sustaining membership contributions were kicked off with a gift of $500 from Smith, Board treasurer, and contributions from other board members, as well as from members of the Fleur - de - lis Garden Club, Cameron History Club and other organizations, still to report.

Officials emphasized the sustaining memberships are in support of current operating expenses of the Cameron Public Library, once a part of the North Milam United Fund, now defunct.

A letter went to Mayor Duncum, city councilmen and City - Atty. Charles C. Smith, Jr., inviting them to meet with the Library Board 7:30 p. m. Monday, Nov. 26, to review methods of gaining public support for regular library operation.

Mayor Duncum said the City would wait until the first of the year to see how city tax money is coming in before deciding what support can be offered from contingency funds for operating expenses.

The City also has proposed the possibility of a small maintenance tax to provide for library expenses, presently kept to a minimum with a parttime librarian and city utility support and aid from individuals.

NEW BOOKS IN

New books are coming in increasing numbers from city and county residents as well as from outside towns, according to Mrs. Triggs. And numerous memorial donations are being given in memory of deceased area residents.

Encyclopedia Britannica has been contributed by the Cameron Lions and Rotary Clubs. And dozens of books have been received in recent months both for adult and child readers.

Library operating hours are: Tuesday through Friday: 2:30 to 5:30 p. m.; Saturday, 8:30 to 11:30 a. m. and 2:30 to 5:30 p. m. It is closed on Mondays, according to Mrs. Tom Wardlaw, librarian.

Other library board members are Dr. George Bowman, Judge W. C. Wallace, Hilliard Thomas and Mrs. James Kahler.

Dr. Bowman, outgoing president, extended his appreciation for the support of Cameron organizations and the public during the past year. The library was moved to its new location and plans were outlined for construction of a new structure on E. Fourth St. in the past 18 months.

In The Battle Of The Bell

Yoemen To Meet Rockdale Friday

The Cameron Yoemen take on the Rockdale Tigers in Rockdale Friday night at 7:30 p. m.

This game is for the county championship, the Victory Bell and perhaps the district championship. If Cameron wins and Caldwell beats Hearne it will throw the district into a four way tie between Cameron, Caldwell, Rockdale and Hearne. A toss of the coin would determine the team to play in the playoff.

If Rockdale and Caldwell win there will be a tie between Rockdale, Caldwell and Hearne. But if Hearne wins they will tie Rockdale for the championship and represent the district in the playoffs by virtue of their win over Rockdale.

The Cameron Jr. Hi will take on A&M Cons. at 4 p. m. at Yoe Field and the B team will play Rockdale on Yoe Field at 7 p. m. that night. Reserve seat tickets for Friday's game go on sale Friday morning at the Yoe High Principals's office.

A pep rally will be held at Yoe Gym at 10:30 a. m. Friday. The public is invited to attend.

Rockdale will field the heaviest team to face the Yoemen this year. The line will outweigh the Yoemen 26 pounds per man and the backs will out weigh the Yoe backs 29 pounds per man.

Biggest men on the field will be tackles Richard Sullivan, 205, and Larry Holliman, 239. Biggest man in the Tiger backfield is right half back Mike Liles at 195.

Quarterback Dickie Summers is an excellent passer and can throw the long pass. It has accounted for several touchdowns. He is also excellent on the option play where he will place the ball in the fullback's belly and if the lineman tackles the fullback he pulls the ball out and then can carry around end himself or pitch to the halfback that is swinging around end.

Halfback Ronnie Brannon is an excellent receiver and likes to take the deep pass. He is also very good at following his blockers.

The game will also be for the Victory Bell which was donated to the winner of the contest in 1954. Cameron won the bell the first year.

It will be the last game for the six senior footballers. Playing their last regular season game for the Yoemen will be Bob Dymke, Mike Mikula, Amos Doskocil, Eugene Schattle, Joe Mayer and Bobby Jones.

These senior boys will be captains for the game.

Probable starting lineup for the Rockdale Tigers is: Ends Ronnie Seelke, 166 and Ernie W. Laurence, 165; Tackles Larry Holliman, 239 and Richard Sullivan, 205; Guards George Weems, 171 and Douglas Young, 166; Center Don Cumbie, 173; Quarterback Dickie Summer, 169; halfbacks Ronnie Brannon, 149 and Mike Liles, 195; and fullback L. B. Kubiak, 188.

Probable starting lineup for the Yoemen will be: ends Merlin Lester 155 and Ronnie McWilliams, 170; Tackles Eugene Schattle, 176 and Mike Koranek, 190; Guards Bobby Jones, 150 and R. L. Mikulec, 150; Center Bob Dymke, 165; Quarterback Mike Mikula, 145; halfbacks Amos Doskocil, 15 and Larry Plentl, 150 and fullback Joe Mayer, 145.

RICHARDS SAYS THINGS LOOKED BAD FOR TIME

A STAFF SPECIAL

Sgt. Charles Richards, missing for a time in Viet Nam jungles in July, is home with his Cameron family this November.

A crew member of the now famous ill - fated C-123 transport, Sgt. Richards tells his parents, Mr. and Mrs. Frank Richards, of Cameron, that special survival training saved his life and those of three other crewmen.

In mid - July, the U. S. Air Force plane was somewhere over Viet Nam participating in trans - port operations, nature of which remains classified.

After two days, Richards, slightly injured, and three other crewmen were rescued. Capt. Henderson, pilot of the plane, suffered a broken leg while other crewmen's injuries were minor.

'HAD THE LICK'

Back in Cameron, he says that it appeared "I had the lick."

"We knew about where we were and the natives were supposed to be unfriendly," he told a Herald interviewer. "I thought we wouldn't make it out because of the weather and terrain."

That he did was tremendous relief to his parents and the parents of his wife, Margaret, whose parents are Mr. and Mrs. Buck Angell Rt. 2, Cameron.

The whole nation awaited word on the four airmen when their plane was reported missing this summer.

Now stationed at Pope Air Force Base, N. C., Sgt. Richards is on a four - hour report alert. He says he is a member of the Air Force STRIKE team, now apparently short handed in personnel.

LEAVING MONDAY

Sgt. and Mrs. Richards leave Monday to report back to Pope Air Force Base, home base of his C-123 unit.

He notes that his type of unit is well -suited to work in the STRIKE force, which is available for service anywhere in the world. The Air Commandoes, Air Force counterpart to Army Special Forces, is a part of STRIKE though the Cameron sergeant is not a member of that group.

He commended the Army whose units made quick, successful efforts to evacuate the four flyers from the Viet - Namese jungle to a field hospital.

The special training paid off for Richards, a flight engineer. And he is home to prove it.

FIELD GOAL ATTEMPT -- End Ronnie McWilliams, Yoeman kicker, boots a field goal attempt late in the Cameron - Caldwell game last Friday night, won by the Yoemen, 6-0. Though the try missed, the Yoemen held a favored Caldwell team to minimum yardage and scored the second 19AA win in a row.

Great Goal Line Stands, Passes Defeat Hornets ,6 - 0

Playing first class football the Cameron Yoemen dropped the Caldwell Hornets 6-0 in a thrill packed defensive game Friday night at Yoe Field.

As in the Navasota game it was aerial attack that was the difference. After a tough Yoe defense made the Hornets attempt a field goal which was fumbled on the snap back the Yoemen took over on their own 20 and covered the ground to paydirt in only four plays. Joe Mayer was stopped for no gain and Craig Wallace gained two. The young, but accurate arm of Mack McKinney found sophomore Mike Perrin out in the open and laid one in his arms. Perrin went for 58 yards before a Hornet managed to bring him down.

Fans felt their hearts skip as Mikula faded for a pass and was dropped for a loss. But red flags were in the air and both sides were offsides.

Mikula faded again and Hornets swarmed in as he went back. He tossed a pass to Amos Doskocil in a fine screen position as he was hit. Doskocil took off behind the blocking of Bob Dymke, Mike Koranek and R. L. Mikulec to the goal line. He was over after sidestepping the last two tacklers and the capacity homecoming crowd went wild.

And the touchdown was the margin of victory as the Yoemen defense stayed tough and stopped the Hornet drive twice to win the game.

Big Eugene Schattle led the Yoemen defense as he was credited with 7 unasissted tackles and seventeen assists. Wallace and Clark Wohleb were next in line with 14 and 13 respectively. Again on offense it was Amos Doskocil in rushing as he totaled 47 yards.

But the full Yoemtn team was fighting with all they had to stop the big powerful Hornets. The upset gave the Yoemen and Caldwell twin 2-2 records in District 19AA play.

Buckholts Loses First Game Tc Oglesby 43 - 19

A dream for the previously un - defeated Buckholts Badgers turned into a nightmare Saturday night as the Oglesby Tigers attacked with a savage fury that left the Badgers dazed and bewildered for three quarters. When the dust settled, the Tigers were on top 43 to 19.

Buckholts won the toss and elected to receive. The kick was beyond the end zone and Buckholts started on their own 15 yard line. The Badgers were unsuccessful in picking up yardage on three plays and were forced to punt. Oglesby then drove to the Badger 10 yard line and scored on a crossbuck. The PAT failed and at the end of the first quarter the Tigers led 6-0. In the second quarter, Buckholts still couldn't make yardage while Oglesby scored two more touch - downs and kicked the PAT, on one, making the score 20 to 0. Buckholts only threat in the first half came when Morris Jones took the ball in a spread formation and scampered 45 yards to the Oglesby 2 yard line. The first half ended before time could be called and Oglesby held a comfortable 20 to 0 lead.

The third quarter was more of a defensive battle with Oglesby chalking up another touchdown and two points on the conversion after the TD.

The Badgers began to show a little life in the fourth quarter when they scored on three long runs. The first of these was a kick off return by Gerald Bales. The second two were on runs by Morris Jones after he had received a short pass from QB Buddy Inge. The two runs were over 60 yards. John Zajicek caught 1 pass for a PAT which gave the Badgers 19 poinds in the fourth quarter. The Badgers de - fense however, still could not stop Oglesby as the Tigers scored two more TDs and added three extra points. And that was the scoring for the night, as Oglesby defeated Buckholts.

This was the first defeat for the Badgers since Nov. 4, 1961 when this same Oglesby team spoiled the Badger homecoming by beating them 41 to 18.

In all probability Oglesby will take their fourth straight District crown. Oglesby hasn't been defeated since Oct. 1, 1961 when they were defeated by Walnut Springs, 26 to 24. They defeated this same team later in the same year to win the regional championship.

"Why didn't I think of that before?"

"It all seems so clear to me now! Obviously, it always costs LESS in the end to buy for CASH in the beginnning. When you buy on time, all those carrying charges that you pay over the months or years sure do add up to a lot more money.

"This 'buy now, pay later' idea sounded pretty good to me at the time, but I can see now that it's much better to 'SAVE now to buy LATER.' Who wouldn't rather GET interest on his savings rather than to PAY interest on his installment account?"

IF

Cameron will be in the playoffs if the Yoemen beat Rockdale, Caldwell is the victor over Hearne and the toss comes out right.

Last week gave us a couple of upsets as the improving Yoemen downed Caldwell 6-0 and last place Navasota racked up District 19AA leader Hearne. This put Rockdale in a tie with Hearne for first place honors.

So this week will tell the tale.

If there is a tie the team involved will toss a coin to see who will represent the district in the playoffs.

-sh-

This week it will be an important game for the Yoemen. Especially the six seniors. Playing their last regular season game for the Maroon and Gray are: Amos Doskocil, Bob Dymke, Bobby Jones, Eugene Schattle, Joe Mayer and Mike Mikula. These boys have been the biggest assets to the teah. They are the leaders and they hold the team together when the going is rough.

Football takes a lot of discipline and the coaches cannot do all of it. These boys are close to the team as they are part of it. They can settle the little problems that arise between boys and they have been quick to do it.

One of the methods used has been the squad meetings which were held almost weekly. Only the members of the team were around. These meetings were held on the field after practice. Or in a few cases on the night before the game at one of the seniors houses.

It is amazing to see what these boys have accomplished when some of the boys wanted to come back to the team after quitting earlier, coach left the decision up to the seniors. They decided to let the entire team vote on it. After all these boys had missed the hard work that the regulars had put in before school and after school during the hot weather it was not an easy decision. The team voted to take them back. It was the right decision as the new boys helped the team.

It is hard to keep a team in line but the Yoemen have been gentlemen on and off the field. And the seniors have been the backbone of this team.

When a team is losing and this is your last year it becomes easy for you to give it up as a lost cause. But not these men. They fought every down of every game and it is paying off.

They have been a credit to both the team and the school.

-sh-

Although injured, our SWC footballers came thru with fine games at SMU and A&M met in Dallas Saturday. Both Ray Green and Guy Dillon played fine games for their teams. These boys are just two of the many fine athletes that the class of 1958 turned out. But injuries stopped these boys from becoming great. Gene Hillman, who was a Baylor choice, had to drop out of school because of a shoulder injury. Warren Rinn quit after a couple of years at Del Mar for the same reason. Bobby Elliott is down at A & M but can not play because of an injury.

-sh-

It's guessing time again. We have been lucky this year as we post a 23-7 record. This week we hope to improve the record. After all we need a good record. We picked Navasota for District champs. Did I jink the Rattlers. But we also said that the bottom team would beat the leader.

And that is what happened last week. Navasota, who has not won a game, topped Hearne the leader. This week we are fool enough to go out on a limb again. We hope for a four way tie and that is the way we are picking it.

The Yoemen are improving every game and really want the tie game this week. **CAMERON 14 ROCKDALE 8.** Over in Caldwell we think that the Hornets are going to be mad at the ivasion of the Eagles. It's going to be a real Harnet's nest. **CALDWELL 24 HEARNE 16.** In the battle for the cellar A & M Consolidated takes on Navasota. After last week we don't know. But we take Consolidated over Navasota. **CONSOLIDATED 16, NAVASOTA 6.**

And as a parting guess we think Pflugerville will edge their next opponent about 53-0.

200 Attend Dance For Homecoming

Approximately 200 attended the dance at the Cameron Armory following Cameron's Homecoming football game.

Members of the sponsoring Cameron Couples Club said the event was a highly successful one and expressed their appreciation to all businesses and individuals who helped in various ways to make the third annual affair a success.

Decorations at the Armory featured a harvest theme with fall colors of brown and gold predominating.

The refreshment table was centered with an arrangement of cut flowers, punch, coffee and cookies were served.

Shocks of corn, pumpkins, a screcrow and tall, willowy trees accented the background of picket and cedar post fencing which was thickly covered with trailing ivy.

A huge harvest moon hung high in the background with a flow of changing, solf - hued spot lights adding a touch of realism and beauty to the scene.

Individual tables were centered with small hurricane lamps with candles and accented with holley and berries.

A section reserved for the Class of '52 was marked by a glittering sign, honoring the reunion group.

Students Present Program To PTA

The Sharp PTA met Nov. 7. The highlight of the meeting was a program presented by the children to show the parents the progress they had made in reading and in social studies.

The third and fourth grades opened with two poems and followed by presenting skits on health, fire prevention, Columbus Day and ended with their comments about United Nations Week.

The fifth and sixth presented a play showing their knowledge of social studies. They began with stories of early explorers and the ordeals of the early American settlers. The program was ended with the audience joining in to sing America.

Mrs. Munoz was appointed secretary to replace Mrs. Stephens who moved to Thorndale.

The next meeting will be held on Dec. 5 at which time the annual Christmas party will be planned.

Bale Grouping Aids For Better Cotton Ginning

COLLEGE STATION — The simple process of grouping unginned bales of cotton according to their moisture and trash content is suggested by B. G. Reeves, extension cotton ginning and mechanization specialist, as an aid to better ginning and improved quality. This is especially true during periods of damp weather, explains Reeves.

Here's an example. A bale of fairly dry cotton goes to the gin which can be processed into a low middling grade with a 31-32 inch staple without too much difficulty. But, what happens when this fairly dry cotton is ginned behind a bale with a much higher moisture content? Reeves says a low middling plus grade could result but with drop in staple length to 15-16 of an inch. There could also be a loss of 19 pounds in weight as a result of the over - drying. Currently, he says, the price of LM 31-32 inch and LM plus 15 16 inch are the same, 29.11 cents per poun However, the 19 pound loss in weight means a loss of $5.63 in the bale's value. A higher grade but an actual loss in bale value.

The same kind of loss reults from the ginning of a damp bale of cotton following a dry one.

It makes good sense, points out Reeves, to gin several bales of damp cotton after the heat and set to handle it most efficiently. When the ginning of such a grouping has been completed, adjustments can then be made easily and quickly to handle dry cotton.

By following this simple process, Reeves says, everyone concerned is better served -- farmer, ginner and spinner.

'Militant' Moderates Maybe?

Political pundits are musing over U. S. elections and are coming to no particular conclusions.

It is difficult to find a pattern in Oklahoma's electing a Republican governor,, Indiana's electing a second Democratic senator, Michigans electing a Republican governor, Californias electing a Democratic governor and a Republican senator, Republican New England going Democratic, Democratic Southern States easing to Republicanism, etc.

While Right and Left seem to need greater definition there is an obvious switching of ends, amidst narrow - margin victories heralding a national traffic jam in the middle of the road.

The Democrats, sage observers say, held more Congressional strength at this off-presidential-year election than any since 1934. Yet, Republicans cracked out in places like Oklahoma where they elected a GOP governor the first in the state's history.

There could be only one conclusion from all this. It smacks of the real essence of American political and social feeling: That Americans are moderate And it appears their votes are saying, "we're militant moderates."

Militant? Yes! Americans told the President they wanted Fidel's rockets moved. He moved them while Adlai chartered UN history with his acidic: "I'll wait 'til Hell freezes over."

Moderate? Yes! All the switching of traditional allegiance suggests that those in weren't doing enough to keep opponents of opposite label out. The "cliff - hanging' votes suggested that both major parties 'turned out votes and the GOP, usually outnumbered in registration, was better organized.

Politicans really worry in times like these. Party labels mean less; qualifications mean more. Those millions of young (under 40), educated, independent Americans are moving at the rate of once every three years. Without old party ties, without old social binds, they vote for the man, often unimpressed by his promises.

Both party and politician try to woo this growing group of voters. Reliable estimates show they are 30 to 35 per cent of the electorate, even now turning out in record numbers.

The Christian Science Monitor observed last week that Americans generally are "moderate social reformers." It makes sense. Their vote is more intelligent and has less regard for labels, whose glue is cracking anyway, or it would stick.

It's little wonder there is no pattern.

THE OLD PHILOSOPHER

Philosopher Favors Government Experiment Of Bringing Weather Forecasters Closer To Home

Dear editar:

Some people don't think the world makes any progress, but it does.

For example, take weather forecasting. A waile back a little shower caught me out in the open without a raincoat and I got soaking wet. What I was doing was changing the props from the north side to the south side on a fence of mine. You'd think a fence would lean in the same direction all the time but mine leans one way a while then leans the other, and it keeps a man pretty busy sighting down it to see which side to put the props on.

At any rate, the day had been clear and sunny until I suddenly looked up to discover a cloud had turned up and rain was pouring down.

After I got home and dried out I pulled out a newspaper I'd been saving for a rainy day which is a lot easier than cash and read a long article on a new experiment in weather forcasting.

According to it, the government is experimenting with more community forecasting stations. It's one thing, it said, to get the weather report for a general area covering a fourth of the state, but what farmers need is a station that'll forecast the weather right at home.

This will be a great improvement and a sample of progress. I don't don't mean to say the local station will be any more accurate than the big city station, when you're living on a globe that's traveling through space as fast and far as this one is every 24 hours, it's possible to predict what the weather ought to be tomorrow but a lot easier to tell what it was yesterday and a man is still going to get caught in a rain, but the progress comes in being able to pinpoint the blame.

There's very little satisfaction in getting mad at an anonymous weather bureau in a nearby city, but when somebody living in your own community says it's going to be clear tomorrow on your farm and it rains you've got something to go on. You can call the bureaucrat up and tell him what you think.

In many cases, forecasting the weather is like predicting who's going to win a football game or an election. People read it, but the best way to find out is to wait and see, with the assurance that whatever it is, half the people are going to be disappointed.

Yours faithfully,

J. A.

Dateline Austin —

Two Parties For Texas

By Vern Sanford

AUSTIN — Republicans have turned Texas into a two - party state.

The heavy vote for Jack Cox against John Connally, election of two members to the national House of Representatives and seven members to the Texas House, plus substantial Republican vote in nearly all areas, are being interpreted by many State Capitol observers as meaning that never again will the Democratic nomination be "tantamount to election."

Dallas County elected every Republican candidate for county and legislative office they had on their ballot, and gave Cox a 25,000 vote lead over Connally. Tarrant and Harris were close. Bexar, El Paso, Travis and Nueces, the next four of the big counties, went Democratic.

Unofficial and incomplete returns indicate that Connally carried 204 counties and Cox carried 50. But it was the substantial Cox votes in the 204 counties he lost which makes this election significant.

Connally is conferring with legislators and with state boards and commissions. He will not make complete budget recommendations since outgoing Gov. Price Daniel is required, under the Constitution, to make budget recommendations to the Legislature in January.

But Connally will make his own budget proposals in his message to the Legislature.

Industrialization, tourism, higher education and water conservation are the areas of state activity which Connally stressed most in his campaign. He will propose the creation of a Bureau of Commerce to take over tourist and industry - attracting.

The new governor, with a 120,000 - vote margin of victory under his belt, said he holds no ill will toward areas which voted against him, that he will be governor for Republicans as well as Democrats.

Main areas where the Republicans ran strong were in the oil areas of West and East Texas, in the major cities and in the Panhandle. They elected local officials in Midland, Ector, Smith, Dallas, Kerr, Bexar, Pecos, Hutchinson, Zavala and Randall Counties

CAMPAIGNS TOO LONG

After the longest political campaign in Texas history there is a desire -- on the part of many candidates, newspaper reporters who travel with the candidates, and the voting public -- to return to the shorter campaign periods.

The old late - in - July, late-in - August and early - in - November voting months were far less strenous than the present early - in - May, early - in -June and early - in - November dates.

Campaigning in the heat of the summer now is very much preferred over the cold winter months and the long, tedious battle period that extends from December to November.

Don't be surprised if there is a big demand to return to the old election dates. They consumed only about 120 days, compared with this year's long, drawn-out pace - killing, man - killing, more than 300 day battle.

Governor - Elect John Connally has been quoted as saying he would favor moving the primary elections to August or September, as they are in most two - party states.

Under the present system the various party organizations close shop during the summer. Then it becomes necessary to reorganize and re - vitalize each setup for the General Election campaign. Heretofore the momentum generated carried them through to the November election They got it all done in one big swoop.

Another reason for reverting to the old dates is that the cost of maintaining a long campaign naturally is much greater than the expense involved in a short one.

ISLAND UNDER FIRE

Officials of state and federal government had a heated discussion about land values on Matagorda Island in a preliminary round in the General Land Office.

Main bout will take place during the November 19 session of the U. S. District Court at Victoria, where the federal government has filed a suit to condemn a a lease on some 16,000 acres of land on the island.

Trinity Baptist Church Begins Sunday With 34 Members

Sunday September 30 the Trinity Baptist Church was organized with 34 charter members.

In the few short weeks since that time these members have rolled up their sleeves and built a 30 x 60 building with an expenditure of $200 for skilled labor. The women of the church worked along with the men, put up the siding and put down the floor. They got the building weathered-in, roofed and painted before the recent rains. Complete cost is expected to run $6,000.

The floors still must be sanded and varnished and the members plan to install a knotty pine wainscoting to complement the walls which will be painted beige.

The pastor, Rev. J. A. Harvey said the dedication date has not been set and would probably be after the building is finished. Another building is planned for educational facilities.

Those who took part in organizing the church were Rev. Harrison McLerran, pastor of Ben Arnold Baptist Church; Rev. R. W. Sparks, pastor of Milano Baptist Church; Rev. Jim Barnett, pastor of the Friendship Baptist Church; Rev. Harvey Mathis of Rockdale; John Haddox and Henry Anthis, both deacons of Milano Baptist Church; Rev. P. L. Caperton of Cameron and Rev. W. F. Griggs, Hillcrest Baptist Church, Rockdale.

Charter members are: Rev. and Mrs. J. A. Harvey and son Howard; Ed Westbrook; Mr. and Mrs. Will Gjedde; Mr. and Mrs. Lewis Unger, Bertha, John and LaNell; Mr. and Mrs. Wilburn Shuffield, Lynn, Van and Odessa; Mrs. Pauline Gaines and Sandra; Mrs. Edna Butler; Mr. and Mrs. Hubert Shuffield, Jr., Larry, David and Donald; Mrs. H. Rackley; Mr. and Mrs. Yates; Mr. and Mrs. Alfred Simecek, Janice, Dennis and Karil; Mrs. Sealey; Walter Lucas and Mrs. Joy Edmondson.

Mr. and Mrs. Thomas Stoebner and baby of Irving and Miss Willie Mae Stoebner of Temple were guests of Mr. and Mrs. Will Stoebner here last weekend.

Quite a few folks from here attended the 10th anniversary at the Ben Arnold Church. Rev. Wm. Wuerz, pastor and Rev. R. Kalkbrenner, former pastor, brought the messages.

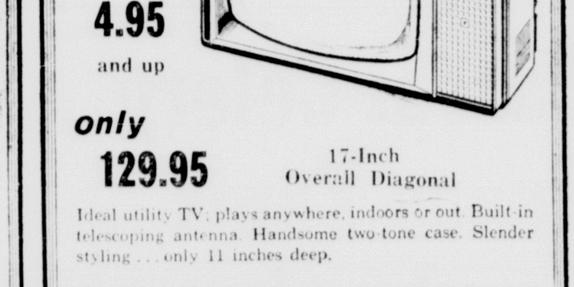
It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . the same year that



IN TEXAS . . the entire state waited, with hopes and prayers, for news of Terry's Texas Rangers, beloved for their courage, daring and skill as fighters. With Albert Sidney Johnston in Kentucky, in and out of Tennessee with Nathan Bedford Forrest, into Georgia with Fighting Joe Wheeler . . where there was a battle to be won for the South, the Rangers were there!

And then, as now, beer was the traditional beverage of moderation—light, sparkling refreshment that adds a touch of Southwestern hospitality to any occasion. Texans have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

Are the hands holding the money; or, is the money holding the hands?

That's an important question for every one. Either a man masters his money or is mastered by his money—or even by the *lack* of it. Riches are not evil and poverty is not a virtue; but either the love of money or the hatred of poverty can so captivate a person that he becomes a slave to whichever he allows to possess him.

The prayer of the man in the Old Testament was wise:

"Give me neither poverty nor riches; feed me with food convenient for me: lest I be full, and deny thee, and say, Who is the Lord? Or, lest I be poor, and steal, and take the name of my God in vain."*

The Bible is our faithful guide, both in the art of mastering money and in the grace of enduring poverty. The church, too, is faithful in its teaching concerning these things—which is another reason why everyone needs its enlightening ministry and continuing inspiration.

Thanksgiving History Told

The Pilgrims were joining some strange company when they declared a Thanksgiving celebration in 1621. For the practice of giving thanks for a plentiful harvest goes back almost to the time when man first gave up wandering and hitched himself to a plow.

Along the Mediterranean, ancient peoples held festivals at harvest time in honor of a mother goddess. The Semites called her Astarte, while the Phrygians named her Semele.

The Romans honored Ceres, the goddess of agriculture, in a celebration called the Cerealia, reports World Book Encyclopedia. And the Greeks paid tribute to Demeter in secret rites called the Eleusinian Mysteries.

Christianity put an end to many of these festivals, but a pagan-inspired belief in the Corn Mother, or the Mother of Grains, survived among some peasants in the British Isles and Europe. Her spirit was thought to live in the last sheaf of grain left standing in the field.

In northern England, the last handful of corn was the "kirn", and sometimes it was fashioned into a "kirn doll." In Austria it was shaped into a wreath and placed on the head of a girl who became the harvest queen.

During the Middle Ages the most common thanksgiving and harvest festival was held on the Feast of Saint Martin of Tours, or Martinmas, on November 11. People throughout Europe still celebrate the day with feasts and new wine.

The Pilgrims probably became familiar with this celebration when they went to Holland to escape persecution in England, and it may have been the remembrance of this holiday that inspired them to hold a thanksgiving feast after their first prosperous year in the New World.

Jehovah's Witnesses Meeting Cancelled

The regularly scheduled meetings of Jehovah's Witnesses held at Kingdom Hall will be cancelled for this week only as the entire congregation will be attending the Christian assembly of ministers in Rosenberg, Nov. 16-18.

Sponsored by the Watchtower Bible Society of New York, the meeting is designed to bring comfort in a world of mounting tension.

With the theme "Spread the Word of Life" the three-day program includes a variety of talks on Bible subjects. Groups of ministers will discuss ministerial problems and demonstrations will teach how Christians should conduct Bible studies. Sessions will be conducted morning, afternoon, and evening, with a baptism of new ministers on Saturday afternoon.

The key speaker on the program appearing daily will be F. W. Seele, Jr. sent by Jehovah's Witnesses' world headquarters in Brooklyn, New York. His public discourse, "The Bible's Answer to Our Problem of Survival," will climax the assembly at 3 p. m., Sunday the 18th.

Lowell Haislup, circuit director for the congregations in Texas Circuit No. 11, will also be a featured speaker. Mr. Haislup directs the ministry work of the congregations to be represented.

The last convention for this circuit was held in Taylor, last April. Some 500 Witnesses were in attendance.

Thanksgiving Services Set

Annual Community Thanksgiving worship will be observed Wednesday, November 21, at 7:30 p. m. in the First Presbyterian Church of Cameron, sponsored by the Cameron Ministerial Association.

The Rev. C. A. West, pastor of the First Methodist Church, will preach the Thanksgiving sermon. Music will be directed by Emmet Carson. A nursery for pre-school children will be available.

This annual observance commemorates the traditional holiday kept by Christians in America, a practice extending back to the year 1622 when the Pilgrims answered th eproclamation of Governor Bradford. All citizens of Cameron and surrounding communities are invited to keep Thanksgiving 1962 by attending the community service.

Jack Ferguson and son of Waco came to Burlington Saturday to the home of Mr. and Mrs. Roy Lindsey. The son returned to Waco. Jack will spend some time in the Lindsey home.

The R. L. Lindsey store at Burlington was broken into one night last week, cigarettes and other merchandise and money were taken.
